

## Topics covered

- Lithium Ion Batteries
- Batteries Beyond Lithium
- Selected Aspects of the Analysis of Battery Materials
- Electrocatalytic materials for Fuel Cell Applications
- Photovoltaics
- Photocatalysts
- Thermoelectric Materials

**Weekly on Fridays, online, 12.15 – 13.45, 2R4**

**Start of Lecture Series: 22nd of April**

**End of Lecture Series: 15th of July**

**Q & A: 22nd of July**

**Date of Examination: 29th of July (oral or written, depending on number of attendees)**

**Exercise dates: to be announced**

**The video lectures should be prepared before attending the online discussion.**
